

# Elm Class Year 5/6

## Term 6

Mr Agate/Miss Christian

### Food and Fitness

**English:** We will be learning how to write recipes, instructions and extended story writing tasks. We aim to develop our skills as writers whilst continuing our focus on handwriting, spelling, punctuation and grammar. We focus on poetry one day a week and look at performance poetry using traditional texts. We will be writing a book for another class.

#### Science:

This term we will be learning about the life cycle of plants. We will look at food and nutrition and how good athletes need food to assist their bodies.

We will be looking at Puberty and parts of the body in Science.

**PE:** We will develop our racket and ball skills and learn a dance sequence as part of an ongoing unit of dance towards a summer dance performance. As part of our Olympic week we will;

- find out about incredible record breakers
- research key Olympic facts
- analyse what it takes for athletes to be at the top of their game
- compare and present sporting statistics
- revise the main muscle groups and the effects of exercise on the body

**Geography:** As geographers, we will develop our map skills to locate counties/ areas and use aerial photography to analyse and compare farming in the UK and USA.

We will be tracking our food supplies and carrying out a food miles survey.

#### PSHE including RSE:

This term we follow the new sex education elements for Year 5 and 6. These are available for viewing on the school website. This will take place W/C 21<sup>st</sup> June.

**RE:** Describe and make connections between different features of the religions and world views they study, discovering more about celebrations, worship, pilgrimages and the rituals, which mark important points in life, in order to reflect on their significance.

**Maths:** This term starts with maths week, with an emphasis on problem solving and logic. The children will be looking at mass, weight, temperature and shape in detail this term. We will continue our focus on times table facts We look at statistics and construct graphs, charts and tables related to our studies in food and fitness

**Computing.** We will learn how we can keep ourselves safe online, develop our research skills and learn how data bases can help organise and retrieve information. We continue to look at publisher and excel.

#### The Arts:

In art we will be learning about, and creating our own, observational drawing.

In music we will learn how to compose using tuned and non tuned instruments. We will be composing and listening to a variety of different musical genres.

#### FRENCH:

We revise greetings, colours, numbers and directions this term. We will be looking at French music and using some as inspiration in dance.
