

Year 5 and Year 6 – Elm Class - Curriculum map overview 2022-2023

Long term plans 2022-23			
Class: Elm	Cycle A		
Learning Journey	Term 1 and 2 Explorers	Term 3 and 4 Eureka!	Term 5 and 6 Once upon a time...
English	Mars Transmission –non-fiction journal One Small Step – narrative adventure Cosmic - narrative science fiction The Snowman - narrative	The Nowhere Emporium – narrative mystery The Firemakers Daughter – narrative adventure Hasp Poetry Competition	Letters from the lighthouse – non-fiction recount Rose Blanche - narrative story Goldilocks - non-fiction newspaper report
	Instructions/biography/diary through science/history/geography/art		
Y6 Maths	Place value Four operations Fractions Position and direction	Decimals Percentages Algebra Converting Units Area, perimeter and volume Ratio	Properties of Shape Statistics
Y5 Maths	Place value Addition and Subtraction	Multiplication and Division Fractions	Decimals Properties of Shape

	<p>Statistics Multiplication and Division Perimeter and Area</p>	<p>Decimals and percentages</p>	<p>Position and direction Converting units Volume</p>
<p>Science</p>	<p>Earth and space (Yr 5) Pupils should be taught to:</p> <ul style="list-style-type: none"> describe the movement of the Earth and other planets relative to the sun in the solar system describe the movement of the moon relative to the Earth describe the sun, Earth and moon as approximately spherical bodies use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky 	<p>Electricity (yr6) Pupils should be taught to:</p> <ul style="list-style-type: none"> associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches use recognised symbols when representing a simple circuit in a diagram <p>Forces (yr5) Pupils should be taught to:</p> <ul style="list-style-type: none"> explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object identify the effects of air resistance, water resistance and friction, that act between moving surfaces recognise that some mechanisms including levers, pulleys and gears allow a smaller force to have a greater effect 	<p>Evolution and inheritance (Yr 6) Pupils should be taught to:</p> <ul style="list-style-type: none"> recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution <p>Properties and changes of materials (yr5) Pupils should be taught to:</p> <ul style="list-style-type: none"> compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets know that some materials will dissolve in liquid to form a solution, and describe how to recover a substance from a solution use knowledge of solids, liquids and gases to decide how mixtures might

			<p>be separated, including through filtering, sieving and evaporating</p> <ul style="list-style-type: none">• give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic• demonstrate that dissolving, mixing and changes of state are reversible changes• explain that some changes result in the formation of new materials, and that this kind of change is not usually reversible, including changes associated with burning and the action of acid on bicarbonate of soda
<p>Working scientifically</p> <p>During years 5 and 6, pupils should be taught to use the following practical scientific methods, processes and skills through the teaching of the programme of study content:</p> <ul style="list-style-type: none">• planning different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary• taking measurements, using a range of scientific equipment, with increasing accuracy and precision, taking repeat readings when appropriate• recording data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs• using test results to make predictions to set up further comparative and fair tests• reporting and presenting findings from enquiries, including conclusions, causal relationships and explanations of and a degree of trust in results, in oral and written forms such as displays and other presentations• identifying scientific evidence that has been used to support or refute ideas or arguments			

Computing	<p>Online safety -use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.</p>					
	<p>Systems and searching (Yr 5) Recognising IT systems around us and how they allow us to search the internet -understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration</p> <p>Variables in games (Yr6) Exploring variables when designing and coding a game. -use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>		<p>Selection in physical computing (Yr5) Exploring conditions and selection using a programmable microcontroller. - select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p> <p>Webpage creation (Yr6) Designing and creating webpages, giving consideration to copyright, aesthetics, and navigation. - understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration</p>		<p>Online safety Selection in quizzes (Yr5) Exploring selection in programming to design and code an interactive quiz - design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p> <p>Sensing (Yr6) Designing and coding a project that captures inputs from a physical device. - use sequence, selection, and repetition in programs; work with variables and various forms of input and output - use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs</p>	
RSHE	My feelings	My relationships	My beliefs (Y6 + My rights and responsibilities)	Asking for help (Y5 + My rights and responsibilities)	My body	Enterprise
RE	What does it mean if Christians believe God is holy and loving?	Why do Christians believe Jesus was the messiah?	What does it mean to be a Muslim in Britain today?	Why is the Torah so important to Jewish people?	Creation and science: Conflicting or complementary?	How does faith help people when life gets hard?
History	Britain's settlement by Anglo-Saxons and Scots					a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066

	<ul style="list-style-type: none"> -Roman withdrawal from Britain in c AD 410 and the fall of the western Roman Empire -Scot's invasion from Ireland to north Britain (now Scotland) -Anglo-Saxon invasions, settlements and kingdom: place names and village life -Anglo-Saxon art and culture -Christian conversion-Canterbury, Lona and Lindisfarne 		WW2 – Battle of Britain
Geography	<ul style="list-style-type: none"> -use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied -use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world 		
	<p>human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water</p>	<p>physical geography, including:, volcanoes and earthquakes</p>	<p>locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities</p>
PE	<ul style="list-style-type: none"> -use running, jumping, throwing and catching in isolation and in combination - compare their performances with previous ones and demonstrate improvement to achieve their personal best. 		
	<p>OAA</p> <ul style="list-style-type: none"> - take part in outdoor and adventurous activity challenges both individually and within a team <p>Gymnastics</p>	<p>Competitive games-Tag Rugby and Hockey</p> <ul style="list-style-type: none"> - play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending <p>Dance – traditional and modern</p>	<p>Striking and fielding-Cricket/Rounders</p> <ul style="list-style-type: none"> - play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending <p>Net and Wall-Tennis</p>

	<p>- develop flexibility, strength, technique, control and balance</p> <p>Swimming</p> <p>- swim competently, confidently and proficiently over a distance of at least 25 metres ♣ use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] ♣ perform safe self-rescue in different water-based situations.</p>	<p>- perform dances using a range of movement patterns</p>	<p>- play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending</p> <p>Athletics</p> <p>- develop flexibility, strength, technique, control and balance</p>
<p>DT</p>	<p>Sculpture (Andrew Logan) Create a 3D from papier mache/clay jewellery combining materials to add texture in a range of scales.</p> <p>Design ♣ use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups ♣ generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design</p> <p>Make ♣ select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ♣ select from and use a wider range of materials and components,</p>	<p>Structures (struts and joins)</p>   <p>Design ♣ use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups ♣ generate, develop, model and communicate their ideas through</p>	<p>Structures – Anderson shelter</p> <p>Design ♣ use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups ♣ generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design Make ♣ select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately</p> <p>♣ select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities Evaluate ♣ investigate and analyse a range of existing products ♣ evaluate</p>

	<p>including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities Evaluate ♣ investigate and analyse a range of existing products ♣ evaluate their ideas and products against their own design criteria and consider the views of others to improve their work ♣ understand how key events and individuals in design and technology have helped shape the world</p> <p>Technical knowledge ♣ apply their understanding of how to strengthen, stiffen and reinforce more complex structures</p>	<p>discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design</p> <p>Make ♣ select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ♣ select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities</p> <p>Evaluate ♣ investigate and analyse a range of existing products ♣ evaluate their ideas and products against their own design criteria and consider the views of others to improve their work ♣ understand how key events and individuals in design and technology have helped shape the world</p> <p>Technical knowledge ♣ apply their understanding of how to strengthen, stiffen and reinforce more complex structures</p>	<p>their ideas and products against their own design criteria and consider the views of others to improve their work ♣ understand how key events and individuals in design and technology have helped shape the world Technical knowledge ♣ apply their understanding of how to strengthen, stiffen and reinforce more complex structures</p>
<p>DT</p>	<p>Cooking-</p> <ul style="list-style-type: none"> -understand and apply the principles of a healthy and varied diet -prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques -understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed. 		
<p>♣ to create sketch books to record their observations and use them to review and revisit ideas</p>			

<p>Art</p>	<p>♣ to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay] ♣ about great artists, architects and designers in history.</p>	<div data-bbox="488 357 607 496" data-label="Image"> </div> <p>Andy Warhol</p> <p>Printing: Create a Pop Art style print in the style of Andy Warhol using polystyrene tiles and string onto different materials.</p>	<div data-bbox="1050 373 1128 469" data-label="Image"> </div> <p>Stephanie Peters</p> <p>Landscapes/ natural disasters Painting: select colours, brush size to create mood</p>	<div data-bbox="1576 347 1756 432" data-label="Image"> </div> <p>Henry Moore & Molly Williams</p> <p>Sculpture: using wire to form a skeleton and clay to flesh the sculpture out.</p>
<p>Music</p>	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians 	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians 	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians 	

	develop an understanding of the history of music.		develop an understanding of the history of music.		develop an understanding of the history of music.	
Languages	Week 1 We are linguists Week 2 Les grandes nombres Week 3 Les grandes nombres Week 4 Les grandes nombres Week 5 Les planetes Week 6 Les planetes	Week 1 Les planetes Week 2 Les planetes Week 3 Review and assess Week 4 Christmas vocabulary Week 5 Christmas vocabulary Week 6 Christmas (writing Christmas cards)	Week 1 C'est moi Week 2 C'est moi Week 3 C'est moi Week 4 C'est moi Week 5 C'est moi Week 6 Review and assess	Week 1 Writing a penpal letter Week 2 Writing a penpal letter Week 3 Writing a penpal letter Week 4 Writing a penpal letter Week 5 Writing a penpal letter Week 6 Review and assess	Week 1 Matisse Week 2 Matisse Week 3 Matisse Week 4 Matisse Week 5 Matisse Week 6 Review and assess	Week 1 Ice cream parlour Week 2 Ice cream parlour Week 3 Ice cream parlour Week 4 Ice cream parlour Week 5 Review and assess
	<p>♣ listen attentively to spoken language and show understanding by joining in and responding ♣ explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words ♣ engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help* ♣ speak in sentences, using familiar vocabulary, phrases and basic language structures ♣ develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases* ♣ present ideas and information orally to a range of audiences* ♣ read carefully and show understanding of words, phrases and simple writing ♣ appreciate stories, songs, poems and rhymes in the language ♣ broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary ♣ write phrases from memory, and adapt these to create new sentences, to express ideas clearly ♣ describe people, places, things and actions orally* and in writing</p>					

Year 5 and Year 6 – Elm Class - Curriculum map overview 2023-2024

Long term plans 2023-2024			
Class: Elm		Cycle B	
Learning Journey	Term 1 and 2 Time Travel	Term 3 and 4 Blue Planet	Term 5 and 6 Art through the ages
English	Year 5 Narrative- The Nowhere Emporium Non-fiction- Hatshepsut Egypt Year 6 Poetry- Moth	Year 5 Non-fiction – Speech – Plastic Pollution Non – fiction – Diary – Scott of the Antarctic (adapted to suit Mountains topic – Edmund Hilary) Narrative – Adventure – Explorers Year 6 Non-Fiction-Greta by Greta Thunberg	Year 5 Narrative – Adventure – Kensuke’s Kingdom Year 6 Poetry – Rap – Thinker’s Rap: My puppy Poet and Me
Y6 Maths	Place value Four operations Fractions Position and direction	Decimals Percentages Algebra Converting Units Area, perimeter and volume Ratio	Properties of Shape Statistics
Y5 Maths	Place value Addition and Subtraction Statistics	Multiplication and Division Fractions Decimals and percentages	Decimals Properties of Shape Position and direction

	Multiplication and Division Perimeter and Area		Converting units Volume
Science	<p>Light (Yr6) Pupils should be taught to:</p> <ul style="list-style-type: none"> recognise that light appears to travel in straight lines use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye explain that we see things because light travels from light sources to our eyes or from light sources to objects and then to our eyes use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them 	<p>Living things and their habitats (Yr5) Pupils should be taught to:</p> <ul style="list-style-type: none"> describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird describe the life process of reproduction in some plants and animals <p>Living things and their habitats (yr 6) Pupils should be taught to:</p> <ul style="list-style-type: none"> describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals give reasons for classifying plants and animals based on specific characteristics 	<p>Animals, including humans (Yr 5) Pupils should be taught to:</p> <ul style="list-style-type: none"> describe the changes as humans develop to old age <p>Animals including humans (Yr 6) Pupils should be taught to:</p> <ul style="list-style-type: none"> identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function describe the ways in which nutrients and water are transported within animals, including humans
	<p>Working scientifically</p> <p>During years 5 and 6, pupils should be taught to use the following practical scientific methods, processes and skills through the teaching of the programme of study content:</p> <ul style="list-style-type: none"> planning different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary taking measurements, using a range of scientific equipment, with increasing accuracy and precision, taking repeat readings when appropriate 		

	<ul style="list-style-type: none"> • recording data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs • using test results to make predictions to set up further comparative and fair tests • reporting and presenting findings from enquiries, including conclusions, causal relationships and explanations of and a degree of trust in results, in oral and written forms such as displays and other presentations • identifying scientific evidence that has been used to support or refute ideas or arguments 		
Computing	<p>Online safety -use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify a range of ways to report concerns about content and contact.</p>		
	<p>The internet (Yr6) Recognising the internet as a network of networks including the WWW, and why we should evaluate online content. - understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration</p> <p>Flat-file databases (Yr5) Using a database to order data and create charts to answer questions. - select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p>	<p>Video production (Yr 5) Planning, capturing, and editing video to produce a short film. - understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration</p> <p>Introduction to spreadsheets (Yr6) Answering questions by using spreadsheets to organise and calculate data. - select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p>	<p>Vector drawing (Yr5) Creating images in a drawing program by using layers and groups of objects. - select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p> <p>3D modelling (Yr 6) Planning, developing, and evaluating 3D computer models of physical objects (See DT) -</p>

RSHE	My feelings	My relationships	My beliefs (Y6 + My rights and responsibilities)	Asking for help (Y5 + My rights and responsibilities)	My body	Enterprise
RE	Christians and how to live: what would Jesus do?	Why do some people believe in God and some people not?	Why do Hindu's want to be good?	What do Christians believe Jesus did do to save people?	What kind of King was Jesus?	What matters most to Humanists and Christians?
History	Ancient Greece – a study of Greek life and achievements and their influence on the western world			a non-European society that provides contrasts with British history – one study chosen from: early Islamic civilization, including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300.		
Geography	-use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied -use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world					
	name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time	identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night)	understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America			
PE	-use running, jumping, throwing and catching in isolation and in combination - compare their performances with previous ones and demonstrate improvement to achieve their personal best.					
	OAA	Competitive games-Tag Rugby and Hockey			Striking and fielding-Rounders /Cricket	

	<p>- take part in outdoor and adventurous activity challenges both individually and within a team</p> <p>Gymnastics - develop flexibility, strength, technique, control and balance</p> <p>Swimming - swim competently, confidently and proficiently over a distance of at least 25 metres ♣ use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] ♣ perform safe self-rescue in different water-based situations.</p>	<p>- play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending</p> <p>Dance – traditional and modern - perform dances using a range of movement patterns</p>	<p>- play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending</p> <p>Net and Wall-Tennis - play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending</p> <p>Athletics - develop flexibility, strength, technique, control and balance</p>
<p>DT</p>	<p>Mechanisms – (cams)</p>  <p>Design ♣ use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups ♣ generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design</p>		<p>Textiles – weaving</p>  <p>Design ♣ use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals</p>

	<p>Make ♣ select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ♣ select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities</p> <p>Evaluate ♣ investigate and analyse a range of existing products ♣ evaluate their ideas and products against their own design criteria and consider the views of others to improve their work ♣ understand how key events and individuals in design and technology have helped shape the world</p> <p>Technical knowledge ♣ apply their understanding of how to strengthen, stiffen and reinforce more complex structures ♣ understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages]</p>		<p>or groups ♣ generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces and computer-aided design</p> <p>Make ♣ select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ♣ select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities</p> <p>Evaluate ♣ investigate and analyse a range of existing products ♣ evaluate their ideas and products against their own design criteria and consider the views of others to improve their work ♣ understand how key events and individuals in design and technology have helped shape the world</p> <p>Technical knowledge ♣ apply their understanding of how to strengthen, stiffen and reinforce more complex structures</p> <p>Through computing: apply their understanding of computing to program, to control and monitor their products</p>
--	---	--	--

DT	Cooking- -understand and apply the principles of a healthy and varied diet -prepare and cook a variety of predominantly savoury dishes using a range of cooking techniques -understand seasonality, and know where and how a variety of ingredients are grown, reared, caught and processed.		
Art	♣ to create sketch books to record their observations and use them to review and revisit ideas ♣ to improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint, clay] ♣ about great artists, architects and designers in history.		
	 <p>Henri Matisse 1869-1954 Collage: Create a collage in the style of Henri Matisse using coloured paper and cellophane and justify their choice of material for the different elements.</p>	 <p>Katsushika Hokusai Painting: put the picture into four sections – foreground, middle ground and background.</p>	 <p>William Morris 184-1896 Printing: Create a print on a plate in the style of William Morris. Print onto a tile and overprint colours.</p>
Music	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations 	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations 	<ul style="list-style-type: none"> - play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression - improvise and compose music for a range of purposes using the inter-related dimensions of music - listen with attention to detail and recall sounds with increasing aural memory - use and understand staff and other musical notations

	<ul style="list-style-type: none"> - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians <p>develop an understanding of the history of music.</p>	<ul style="list-style-type: none"> - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians <p>develop an understanding of the history of music.</p>	<ul style="list-style-type: none"> - appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians <p>develop an understanding of the history of music.</p>			
Languages	<p>Week 1 J'adore les sports – types of sports</p> <p>Week 2 Opinions 1st and 3rd person, et/mais</p> <p>Week 3 Opinions Reasons, eg. J'aime jouer au foot parce que c'est chouette/ j'ai deteste parce que c'est trop difficile.</p> <p>Week 4 Jouer or faire</p> <p>Week 5 Sports kit and adjectival agreement.</p> <p>Week 6 Review and assess.</p>	<p>Week 1 Writing to a penpal</p> <p>Week 2 Writing to a penpal</p> <p>Week 3 Writing to a penpal</p> <p>Week 4 Writing to a penpal</p> <p>Week 5 Christmas letter to penpal</p> <p>Week 6 Christmas (writing Christmas cards)</p>	<p>Week 1 En ville Places</p> <p>Week 2 Directions</p> <p>Week 3 Maps – alphabet/number</p> <p>Week 4 Aller a la/au/aux</p> <p>Week 5 Making a plan</p> <p>Week 6 Review and assess</p>	<p>Week 1 Je suis musician – les instruments</p> <p>Week 2 - styles</p> <p>Week 3 Likes dislikes</p> <p>Week 4 Eurovision</p> <p>Week 5 Eurovision</p> <p>Week 6 Review and assess</p>	<p>Week 1 Food – petit dejeuner</p> <p>Week 2 Le menu</p> <p>Week 3 Food – design a pizza - https://www.bbc.co.uk/programmes/p01sxm7q</p> <p>Week 4 Au cafe</p> <p>Week 5 Les glaces</p> <p>Week 6 Monter un cafe</p>	<p>Week 1 Food - Healthy eating</p> <p>Week 2 Breakfast</p> <p>Week 3 Design a pizza</p> <p>Week 4 Monter un cafe</p>

♣ listen attentively to spoken language and show understanding by joining in and responding ♣ explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words ♣ engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help* ♣ speak in sentences, using familiar vocabulary, phrases and basic language structures ♣ develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases* ♣ present ideas and information orally to a range of audiences* ♣ read carefully and show understanding of words, phrases and simple writing ♣ appreciate stories, songs, poems and rhymes in the language ♣ broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary ♣ write phrases from memory, and adapt these to create new sentences, to express ideas clearly ♣ describe people, places, things and actions orally* and in writing
